IT WAS THE FUTURE THEN

**THOSE 1960s REFRIGERATORS
WERE OUT OF THIS WORLD
COOL!**

Those refrigerators and freezers were revolutionary back in the Sixties, but even early 21st century cooling appliances could use three to four times more electricity than the latest, most efficient ones, sending your electric bill into Outer Space! That's why AMP has partnered with ENERGY STAR® to help you save energy and money.

**ALAMEDA
MUNICIPAL POWER**

A Department of the City of Alameda

THIS IS THE FUTURE NOW!

AMP HAS TWO COOL PROGRAMS TO HELP YOU SAVE

1. AMP'S REFRIGERATOR AND FREEZER REBATE AND RECYCLING PROGRAM

\$100

You can get a \$100 rebate for replacing your old refrigerator or stand-alone freezer with a new ENERGY STAR® refrigerator or freezer. The older refrigerator or freezer will be picked up and recycled by AMP.

2. SECOND REFRIGERATOR AND FREEZER PICK UP PROGRAM

\$35

If you have an old second refrigerator or freezer taking up space in your garage, You can get a \$35 rebate just for having AMP pick it up and recycle it properly.

Call 866-964-7346 to schedule your pickup now!
