ALAMEDA
MUNICIPAL POWER

A Department of the City of Alameda

Don't let a SCAM bring your holidays down!

- 1 If you get a demand for immediate payment on your AMP account, be suspicious.
- 2 Beware of anyone asking you to use pre-paid debit cards such as Green Dot, MoneyPaks, NetSpend, or MoneyGram to pay your electric bill.
- 3 AMP will never ask for credit or debit card numbers and only provides automated courtesy calls to accounts that are already delinquent.
- 4 Never provide unsolicited callers or visitors with credit card numbers or any other information that may compromise your financial security.
- 5 AMP employees always carry photo IDs. If the ID is not visible and you don't see any other AMP logo, ask the individual to show it you.
- 6 All AMP vehicles are clearly marked with the AMP name and logo.
- 7 If you have any doubts or concerns that a visitor or caller represents AMP, call AMP at 510-748-3900.
