

**IT WAS A DARK  
AND STORMY NIGHT...**

**CRASH!**

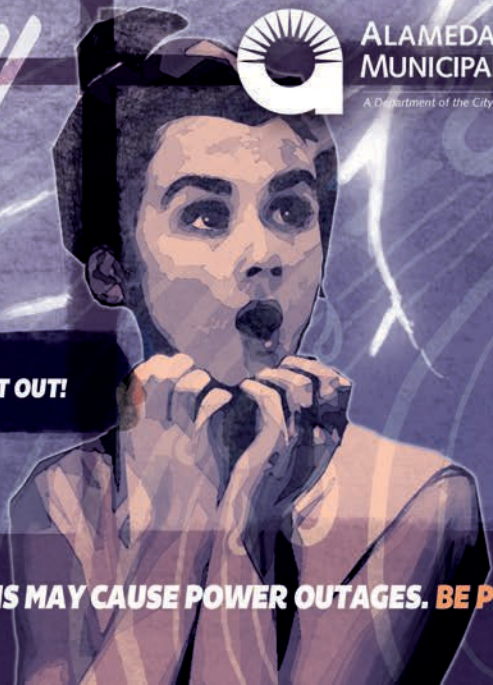

**... THEN THE LIGHTS WENT OUT!**

**WINTER STORMS MAY CAUSE POWER OUTAGES. BE PREPARED.**

## WHAT TO DO DURING A POWER OUTAGE

- Check to see if there's a blown fuse or tripped circuit breaker at your service panel.
- Check to see if the outage includes other houses in your neighborhood.
- If the power is out at your house and your neighbors', call AMP at **510.748.3902**.
- Report downed wires immediately to AMP or the police department.

### BE PREPARED

- Keep flashlights, a battery-powered radio and fresh batteries on hand.
- Turn off major appliances and unplug electronic devices to prevent damage from a possible power surge.
- Keep refrigerator and freezer doors closed.
